Graduation Application

Please complete the following information if you plan to graduate within the current term. Students must also complete the online graduation application in Wolverine Access Student Business.

All online applications and graduation requests must be submitted within the first four weeks of the term in which you intend to graduate. Requests submitted after that time are considered late and may be subject to delay in processing and approval.

It is strongly suggested that students schedule a senior audit appointment to make sure all graduation requirements have been met. Failure to do so may result in discrepancies over degree completion. To schedule an appointment, contact Deedee Ulintz at dianals@umich.edu
