School of Music, Theatre & Dance

Diversity, Equity and Inclusion Strategic Plan Five-Year Strategic Objectives, Measures and FY21 Actions

I. Diversity Equity and Inclusion Strategic Plan: Overview

Our Mission
The School of Music, Theatre & Dance fully embraces the notion that academic and artistic excellence is inseparable from an abiding and pervasive institutional commitment to diversity, equity, and inclusion. The School is committed to furthering the university’s mission of ensuring that each member of our community has an equal opportunity to thrive and to take full advantage of the resources afforded by the University of Michigan.

Our Vision
The School of Music, Theatre & Dance is committed to the ideal of inclusion as one of its core academic and artistic pillars. We construe inclusivity in the broadest possible terms, encompassing the equitable and fair treatment of all members of our community as well as a commitment to diversity not only with respect to traditional markers such as race, ethnicity, and gender but also to diversity of thought, experience, and outlook upon the world. The School is proud of its past achievements in this area and yet recognizes fully the need to build on those successes by exploring new and creative ways of enhancing diversity, equity, and inclusion.

We also recognize that the professional arts landscape has changed considerably in recent decades, and that in order to remain competitive among our peer institutions, we must adapt accordingly. Part of that adaptation includes a willingness to explore ways in which our curriculum can become more inclusive in nature. In addition, the School of Music, Theatre & Dance also proposes strategies intended to spur critical thinking about our mission as an institution and about the means by which we can attain our broader goal of relevancy by enhancing our visibility as scholars, performers, creative artists, and leaders in the field.

Our Goals

Diversity: We commit to increasing diversity, which is expressed in myriad forms, including race and ethnicity, gender and gender identity, sexual orientation, socio-economic status, language, culture, national origin, religious commitments, age, (dis)ability status, and political perspective.

Equity: We commit to working actively to challenge and respond to bias, harassment, and discrimination. We are committed to a policy of equal opportunity for all persons and do not discriminate on the basis of race, color, national origin, age, marital status, sex, sexual orientation, gender identity, gender expression, disability, religion, height, weight, or veteran status.
Inclusion: We commit to pursuing deliberate efforts to ensure that our campus is a place where differences are welcomed, different perspectives are respectfully heard and where every individual feels a sense of belonging and inclusion. We know that by building a critical mass of diverse groups on campus and creating a vibrant climate of inclusiveness, we can more effectively leverage the resources of diversity to advance our collective capabilities.

Year 4 Programming:
Accessibility Training and Artist-in-Residency
In October 2019, Elizabeth McLain, a SMTD PhD Musicology Candidate and Instructor of Musicology at Virginia Tech, facilitated a training titled “Disability Awareness and Universal Design for Learning” for SMTD faculty, staff and Graduate Student Instructors. Participants left the training with an improved understanding of disability issues, concrete ideas to implement in their courses, and resources to help them support disabled students and colleagues.

In January 2020, the SMTD DEI Office hosted musician and disability activist Gaelynn Lea for an Artist-in-Residency that included a lecture and discussion with community members within and outside of SMTD.
Navigating and Advocating Queerness in the Performing Arts

In January 2020, the SMTD DEI Office collaborated with the Spectrum Center and SMTD’s EXCEL Program for an event titled “Navigating and Advocating Queerness in the Performing Arts”. This collaborative effort brought student voices to the forefront during the planning, executing and evaluating stages. The event ultimately had three components: an SMTD faculty panel facilitated by Spectrum Center staff, a workshop portion where students guided small-group discussion using questions that were created by the planning team, and a Q&A section for the faculty panel. The faculty panel included Matthew Ozawa (Opera), Charlie Brissy (Dance) and Matthew Albert (Chamber Music).

Sexual Misconduct Trainings, Strategic Partnerships, and Resources

Multiple actions were taken during the 2019-2020 Academic Year to improve sexual misconduct prevention efforts. The SMTD DEI Office worked to build new partnerships with staff at OIE and SAPAC. Two workshops were held for faculty and staff that were co-designed by SAPAC, OIE, and the SMTD DEI Office. The first workshop took place in November 2019, addressing existing policies, cultivating a culture of respect, and working through a case study. OIE, SAPAC and the SMTD DEI Office then worked collaboratively to create an entirely scenario-based training for SMTD faculty and staff, which took place in February 2020.

SMTD’s Faculty and Staff Allies Network (FASAN) continued to meet during the Winter 2020 semester. Due to staff turnover in the Fall 2019 semester, the group was unable to meet. SAPAC and OIE staff were brought in to discuss specific questions members had, and to collaborate to understand the unique needs of SMTD.

Members of FASAN, SMTD DEI Office, SAPAC and OIE began working collaboratively to create a Sexual Misconduct Resource Toolkit for use by SMTD faculty and staff. The toolkit will include on campus resources, specific SMTD scenarios, best practices, among other inclusive teaching resources.

International Student Programming

During the 2019-2020 Academic Year, the SMTD DEI Office worked to increase programming and support for international students. We hired a SMTD graduate student and helped to create and advertise events while serving as a liaison for international students. We also received a grant from the U-M International Center on campus to assist in this work. During the Fall 2020 semester we had two successful student gatherings, one in October 2019 and a winter party in December 2019. A substantial part of the grant was intended for an international student performance, where students would perform pieces from their home countries. This performance would provide a space for international students to share their home cultures, validate the importance of the arts in all cultures (as opposed to the mainly western repertoire majority of our students are trained in) and educate the student body, faculty and staff on the experiences and repertoire of different countries. Unfortunately, due to the COVID-19 pandemic the performance was postponed. We hope to have this performance take place next academic year or the soonest possible.

Engagement and Outreach

The SMTD Office of Engagement and Outreach successfully launched a new program named “Michigan - Success Through Artistry and Readiness (MSTARS)” in collaboration with Cass Technical High School, Detroit School of Arts, MLK Jr Sr High School, Renaissance High School and the Mosaic Youth Theater, representing youth from all across Metro Detroit. Students participated were invited to attend the SMTD college fair and received a tailored workshop about making the most of a college recruitment fair. They also received coaching sessions from the Office of Engagement and Outreach staff and were given the opportunity to audition for summer programming in Detroit at no cost. The Office of Engagement and
Outreach were able to execute an MOU with the Detroit Public School Community District for a long-term partnership.

In addition to MSTARS, the Office of Engagement and Outreach formalized a partnership with Wolverine Pathways, ultimately creating SMTD Pathways that will provide music, theatre, and dance opportunities for Wolverine Pathways students, allowing them the possibility to enroll in SMTD following the completion of the SMTD Pathways program and pending admission into the School. Additional programming including master classes and additional workshops were scheduled to occur during the Winter 2020 semester but were postponed due to the COVID-19 pandemic.

Reorganization and Turnover:
During Year 4, there were multiple staff changes in SMTD, but most impactful to SMTD’s ongoing DEI efforts was the turnover of Assistant Dean of Student Affairs and Diversity, Equity & Inclusion Freyja Harris. While DEI Coordinator Rikki Morrow-Spitzer continued the planned programming during the interim, much of our DEI-related efforts paused until the position was filled in January 2020.

In January 2020, Dr. Julio Cardona was hired as Assistant Dean of Student Affairs and Diversity, Equity & Inclusion. With his wealth of knowledge on diversity, equity, and inclusion on college campuses, and specifically at the University of Michigan, Dr. Cardona advanced many aspects of SMTD’s DEI efforts within his first few months. In March 2020, he promoted Rikki Morrow-Spitzer to DEI Program Manager.

In December 2019, the role of Chief Administrative Officer transitioned into a Director of Budget and Finance position which should be filled by the end of Summer 2020. Once SMTD leadership had determined that there would no longer be a CAO position, the Office of Budget and Finance and Office of Human Resources separated. In Summer 2020, the Assistant Dean of Student Affairs, Human Resources, and DEI began oversight of the Office of Human Resources.

COVID-19 Limitations and Opportunities:
Due to U-M’s COVID-19 related health and safety guidelines, we were unable to hold in-person events after the second week of March 2020. This resulted in canceling student events, training workshops, end of year gatherings as well as community engagement activities.

The SMTD Wellness Initiative increased programming following U-M’s move to virtual operations in Winter 2020. Wellness sessions were opened to the entire campus and had extraordinary attendance, reaching over 1,200 participants in less than two months. For the first time, we were able to offer free wellness programming to many who otherwise would not be able to participate in this opportunity. The expanded wellness sessions aimed to provide members of the University a sense of community and belonging during a time of high stress, isolation, and uncertainty.

Despite the ongoing pandemic, continued financial support provided to the SMTD DEI Office from the SMTD Dean’s Office coupled with new staff leadership that joined the SMTD Senior Administrators group (SAM), were pivotal to success of SMTD’s DEI efforts during the 2019-2020 Academic Year. In addition, SMTD launched an SMTD DEI Student Advisory Board and SMTD DEI Faculty and Staff Action Teams that will continue supporting and scaling DEI efforts throughout the School. Moreover, the SMTD Climate Survey conducted by Giffen & Kaminski, LLC highlighted specific relevant recommendations that has propelled our DEI efforts forward.
III. Data and Analysis: Key Findings

In 2018, SMTD learned about what became two high profile sexual misconduct matters regarding previous SMTD faculty members. Since revelation of the misconduct to SMTD, the School has initiated a series of actions, including educational sessions and symposia, physical changes to our facilities, and updated building access policies.

In 2019, SMTD undertook a study to assess its climate from the many perspectives of all those who interact with the School. The SMTD leadership decided it should see, hear, and know about the experiences of its undergraduate and graduate students, alumni, faculty, and staff so that issues did not fester and negatively impact the climate of the School.

SMTD interviewed potential providers to design the SMTD Climate Survey (“Climate Survey”) in 2019. After a rigorous process, SMTD hired Giffen & Kaminski, LLC (“Giffen & Kaminski”) to design, execute, and analyze the Climate Survey. Giffen & Kaminski is experienced in Title IX, climate assessments, surveys, and investigations and is a women-owned law firm with no prior connection to SMTD or to the University of Michigan.

The Climate Survey commenced in January 2020. The Climate Survey was designed to gain data regarding discrimination, sexual misconduct and issues impacting the quality of life within SMTD.

Development of the Climate Survey

The goals of the Climate Survey were to:

- Understand the frequency and nature of any sexual harassment and sexual misconduct involving the SMTD community;
- Further develop meaningful prevention, education and awareness programs;
- Learn ways to further encourage a safe environment;
- Understand issues impacting the quality of life for Students, Staff and Faculty; and
- Improve the general SMTD climate.

After the Climate Survey closed, Giffen & Kaminski conducted an additional 55 in-person interviews on the SMTD campus of randomly-selected current SMTD students from each of the departments. Information learned from the in-person interviews is included in this Climate Survey Report as part of the anecdotal information gathered. All students were interviewed anonymously.

The Climate Survey sample size was representative of SMTD. The survey was anonymous. The response rate (excluding alumni) was 37%, which is well above the national average for similar climate surveys. The response rates of faculty at 64% and staff at 73% are exceptional.

Climate Survey Report: Results

The results of the survey were categorized in the Climate Survey Report as follows: “General Climate”, “Disability”, “Discrimination”, “Sexual Misconduct”, “Reporting Discrimination and Sexual Misconduct”, “Training About the Title IX Process”, “Staff and Faculty”, and “Narrative Suggestions”.

5
Climate Survey Report: Recommendations

Recommendations were categorized in the Climate Survey Report as follows: “Steps to Improve Overall Climate”, “Steps to Reduce the Frequency and Nature of Discrimination”, “Steps to Reduce the Frequency and Nature of Sexual Misconduct”, and “Steps to Increase Satisfaction of Faculty and Staff”.

Addressing the Recommendations
Along with the dissemination of the Climate Survey Report to the entire SMTD community, a series of open forums will be hosted by SMTD leadership with faculty, staff, and students beginning in Summer 2020. These forums will include discussion of the results and provide an overview of actions that will be taken to address the recommendations.

In consultation with campus units such as the Office of Institutional Equity, Sexual Assault Prevention and Awareness Center, and the Office of Diversity, Equity, and Inclusion, various components of the recommendations will be addressed by existing SMTD working groups (e.g., SMTD Faculty and Staff Allies Network and DEI Faculty and Staff Action Teams) and new working groups will be formed as needed. It is expected that these working groups provide regular updates to SMTD leadership on their progress. These updates will also be relayed to the broader SMTD community on a regular basis.

Additionally, SMTD leadership will host periodic update forums for SMTD students, faculty, and staff to discuss the status of the actions taken relating to the Climate Survey recommendations. These forums are expected to begin during the Winter 2021 semester. To ensure the timeliness of updates and transparency, SMTD is hosting a webpage dedicated to this Climate Survey and related resources.

VII. Plans for Supporting, Tracking, and Updating the Strategic Plan

The School of Music, Theatre & Dance Assistant Dean of Student Affairs, Human Resources and Diversity, Equity & Inclusion and the Diversity, Equity and Inclusion Program Manager are the key contacts for the stewardship of the Diversity, Equity, and Inclusion Strategic Plan during FY21. The Assistant Dean will be assisted by faculty members, staff members, and students as part of various Diversity, Equity, and Inclusion working groups charged with recommending, overseeing, and implementing various aspects of the plan.

These groups will conduct a review of the plan each fall term to gather feedback and additional ideas to be implemented throughout the year. A mid-year status report will be presented to the SMTD Senior Administrators group (SAM), and a final progress report on yearly objectives will be presented to this same group at the conclusion of the Winter 2021 semester to arrive at a set of recommendations for the next academic year.
