### ***Seeking Connections in General Music***

The general music curriculum invites students to make connections to their lives. How do we foster even more sense-making moments as we plan, select music, and create vibrant educational experiences? This creative and arts-filled workshop will provide models, strategies, and examples that strengthen students' musical understandings and connections to the world around them.

3.5 SCECH Credits (SCECH approval in process)

*Generous support provided by the Phyllis Kaplan Endowed Fund for General Music Education*
